Product Description

Introduction

Introducing Feldspathic Porcelain Veneers from ADS China Dental Lab, a premier manufacturer in China specializing in high-quality dental products for international markets. Our veneers are crafted to deliver exceptional aesthetics and durability, making them a top choice for dental professionals and merchants worldwide.

What are Feldspathic Porcelain Veneers?

Feldspathic Porcelain Veneers are dental veneers made from thin, custom-shaped porcelain layers that mimic the natural color and translucency of teeth. These veneers are bonded to the front surface of the teeth, providing a natural-looking and long-lasting smile. Handcrafted by experienced technicians, they offer unmatched customization and quality.

What Makes Our Feldspathic Porcelain Veneers Unique?

Handcrafted Excellence Each veneer is crafted by highly skilled technicians, ensuring perfect shape, color, and finish.

High-Quality Materials We use top-quality porcelain, known for its strength and natural appearance. Our materials are rigorously tested and approved for dental use.

Outstanding Aesthetics Our veneers are custom-matched to the patient's natural tooth color, ensuring a seamless and attractive smile.

Easy to Apply With minimal tooth preparation required, our veneers are easy to apply and offer a comfortable experience for patients.

Long-Lasting Results Our veneers can last up to 15 years with proper care. They are resistant to staining, ensuring a long-lasting beautiful smile.

Conclusion

ADS China Dental Lab is committed to delivering high-quality dental products at affordable prices. Our Feldspathic Porcelain Veneers exemplify our dedication to excellence. We invite merchants worldwide to discover the quality and craftsmanship of our products.
